

# CS531 Programming Assignment 2: Towers of Corvallis

Michael Lam, Xu Hu  
EECS, Oregon State University

October 22, 2012

## **Abstract**

In this assignment we design and implement 2 different informed search algorithms to solve the Towers of Corvallis, which is a variation of Towers of Hanoi.

- 1 Introduction**
- 2 A\* Search**
- 3 Recursive Best-First Search**
- 4 Experiments**
- 5 Discussion**
